

FEATURES

- Rugged compressor with cast iron cylinders
- "V" design minimizes vibration, improves cooling and extends compressor life
- Individual and removable cylinders for smoother and cooler operation
- 5.5 HP and 9 HP Honda Engines — GX160-OA and GX270-OA — for smooth quiet operation and maximum reliability
- 10 gallon capacity twin tanks — the largest in the industry
- Steel rim pneumatic tire for easy handling and maneuverability
- Convenient oil drain on front of unit
- Easy view oil sight gauge
- Metal air filters with "Auto Drop" feature
- High efficiency reed valves for maximum performance
- Efficient heat removal from pulley-fan for cooler running and longer life
- Sturdy metal belt guard
- Engine slow-down control — reduces operating costs and unnecessary wear
- Outlet control regulator with quick connectors
